Comments on Secretary's report: none

Comments on Treasurer's report:

*Glad to hear contributions are surging this year!*

*Most comprehensive and clear report I have ever seen from RPWA. Answers many questions and is very reassuring. Gives me great confidence in its fiscal operations. It will be a good reference for comparing future years as well as past. It shows how important every contribution is.*

General comments:

*Keep up the good work to protect our lakes!*

*Keep up the great work. Will send in another donation.*

*Thank you for all you do!*

*I know you need reinforcements to take the weight off some of your shoulders. I wish that one more from each of Thomas and Raymond Ponds could serve. I wish that I could help but I am stretched beyond being able to do the job needed. The job you are doing including all the preceding years of effort is more than remarkable and has brought us all enormous dividends. This sounds rather sappy but I am moved to tears. Thanks be to all.*

*. . . RWPA has evolved into a very well run organization. Thank you!!!*

*Huge thanks to Wayne for refurbishing the old newsletters! And to all of the board for taking on the assorted jobs it takes to keep RWPA a vital organization.*

*Thank you for your continued leadership!*

**Thanks to all for your support and your feedback. It looks like a banner year!**

Peggy Jensen, President
